

“FOR FIDELITY TO

SCIENCE”

2023

Best popular science student project

- 1 Multimedia archive exhibition “[A Different Mendeleev. The Fate of a Naval Officer](#)” (St. Petersburg State University)
- 2 “[Mininauka](#)” Popular Science Special Project (Moscow Institute of Physics and
- 3 Technology) “[The Science of UrFU](#)” multi-part video project (B.N. Yeltsin Ural Federal University) Intellectual scientific competitions “[Scientific Battles: HSE](#)” (Higher School Of Economics) “[Dimon and Pumba](#)” Popular Science YouTube channel (Southern Federal University)

Science is Trendy

- 1 Iskhak Farkhutdinov (Vernadsky State Geological Museum, Russian Academy of Sciences)
 - 2 Aleksandr Osadchiev (P.P. Shirshov Institute of Oceanology, Russian Academy of Sciences)
 - 3 Irina Timofeeva (St. Petersburg State University)
- Denis Kasymov (Tomsk State University)
- Pavel Strizhak (Tomsk Polytechnic University)

2023

“Science as Art” category

- 1 Project “[Biostation. Laboratory of technological art](#)”
(Pavlov Institute of Physiology, Russian Academy of Sciences)
 - 2 [FANC](#) laboratory of scientific cinema (Plasma LLC)
 - 3 Interactive [BIOCAD MUSEUM](#) & interactive exhibition SCIENCE EXPO (BIOCAD company)
- Full-dome feature film about exoplanets “Eve” (Children and Youth Center "Planetarium")
("Planetarium" Children and Youth Center)
- [Festival of the Russian Geographical Society](#) (Executive Directorate of the Russian Geographical Society)

Scientific Press Service of the Year category

- 1 Press service of the [Institute of Space Research of the Russian Academy of Sciences](#)
 - 2 Press service of the [Tomsk polytechnic University](#)
 - 3 Press Service of [Peter the Great St. Petersburg Polytechnic University](#)
- Press Service of the [Southern Federal University](#)
- Press Service of the [St. Petersburg State University](#)
- Press Service of the [Special Astrophysical Observatory of the Russian Academy of Sciences](#)

Working with Experience: Defending Historical Truth

- 1 “[Road of Life](#)” - Special project about scientific and engineering arrangement of historical military roads 101 and 102, which were created during the siege of Leningrad (Russian News Agency TASS)
(Russian News Agency TASS)

2023

- 2 Photo, audio and video project aimed at the formation and development of a single historical community of Donbass, Lugansk and the liberated territories of Zaporozhye Region with the regions and cities of Russia “[Liberation.1943](#)”(Russia Today International Media Group)

Research and educational publishing project - multi-volume publication “[History Told by the People](#)” - Volumes XV and XVI (Autonomous Non-Profit Organization "Institute of Economic Strategies" (ANO "INES"))

Science Journalist of the Year

- 1 Aleksandr Grek (TechInsider)
 - 2 Aleksandr Baulin (Pro Cosmos)
 - 3 Sergey Leskov (ANO Public Television of Russia)
- Alexey Paevskiy (Indicator.Ru)
- Vladislav Strekopytov (Rossiya Segodnya Media Group)

Daniil Granin Special Award

- 1 “[Chemistry with Artem Oganov](#)” book (MISiS University of Science and Technology)
- 2 A cycle of thematic talks with world-renowned mathematicians and the release of an expanded edition of “[Math Walks +. A Collection of Interviews](#)” (Skolkovo Institute of Science and Technology (Skoltech))
- 3 “[Dinosaurs of Russia: Past, Present, Future](#)” book (Published by “Alpina Non-Fiction”) “In the Shadow of IT. What Should We Know about Cybersecurity?” (Peter the Great St. Petersburg Polytechnic University)

2023

Finalist - Popular Science Journal “[Science and Technology in Yakutia](#)”
(P.I. Melnikov Institute of Permafrost Science of the Siberian Branch of RAS,
corresponding member of RAS M.N. Zheleznyak)

Mentor

- 1 Pyotr Shirkov, Candidate of Physical and Mathematical Sciences, employee of the [JINR Training and Research Center](#), teacher of the V.G. Kadyshvsky Physics and Mathematics Lyceum in Dubna (Joint Institute for Nuclear Research)
- 2 Children's All-Russian Festival of Natural Sciences “[FROM CHILDREN, FOR CHILDREN](#)” (A. S. Pushkin School No. 7 in Kursk)
- 3 Nationwide Expedition “[From Teacher to Scientist. Roads of Nationhood](#)”
(Nationwide contest "My Country - My Russia")

[Introduction and popularization of innovative technologies in modern education and engineering career guidance among schoolchildren of the Republic of Dagestan](#) (D.F. Ustinov Baltic State Technical University “VOENMEKH”)

[Sergey Podkovalnikov](#), lecturer, popularizer of science and education in partner outreach projects and his own offline project “Science: Closer than It Seems”, online projects in social networks, including “Biology in 20 Seconds”

Popular Science Project of the Year

- 1 “[VNauke](#)” popular science community in VK social network
(VK’s Department for Communities Interaction)
 - 2 [Znanie.Nauka](#) scientific concept (Russian Society "Znanie")
 - 3 “[Medtech.Lectorium](#)” popular science project (“Gutenberg Smokehouse” and Moscow Center for Innovative Technologies in Healthcare)
- “[Russia's Best Doctors](#)” (Gazeta.ru)

2023

“[TechInsider](#)” popular science media (Independent Media Holding)

Decade of Science and Technology category

- 1 [BIOTECH Museum](#)
Biotechnology FRC of RAS
- 2 [CoLab.ws](#) platform for scientists
OOO “PLATFORMA KOLAB”
- 3 [Association of Floating Universities](#), ANO "Learning through Research"

[University League of Science Battles](#)
Science Slam Association

[Naked Science](#) popular science project

Science for the World

- 1 Global “[Atom for You](#)” Quiz in 11 languages (Rosatom State Corporation, technical operator - Naked Science)
- 2 International (English-language) version of the scientific and educational [IQ.HSE](#) portal of [HSE](#)
- 3 [5th International Chemical Dictation](#)

[Thoisoi](#) popular science YouTube channel. Author: Maxim Bilovitskiy

Special Award for Popularization of Domestic Innovation Products. Founder of the category: Rostec State Corporation

- 1 “[The World of 2052. To see the future](#)” movie (National Research University Higher School of Economics and RT television channel)
- 2 “[Science](#)” TV show (ANO "Mediapraktika")
- 3 [Series of infographics on domestic innovative products](#) (Russian News Agency TASS)

2023

“[The Priority of Science](#)” Media Project (Executive Directorate of the Priority 2030 Program of Peter the Great St. Petersburg Polytechnic University)

[Blogs on Naked Science](#)

Special Award for Popularization of the Nuclear Industry Founder of the category: Rosatom State Corporation

- 1 “[Turns Out They’re Russian](#)” special media project (JSC ROSBUSINESSCONSULTING, RBC)
- 2 “[Atomic Energy 2.0](#)” Scientific and Business Portal (ATOMIC SOCIETY LLC)
- 3 “[Don't Lecture a Professor](#)” Podcast (Lomonosov Moscow State University, Sarov Branch)

“[Green Mission of Nuclear Technologies project](#)” (Russian News Agency TASS, ANO “Nuclear Industry Information Center”)

“[Chemistry Put Simply](#)” project (B.N. Yeltsin Ural Federal University)

Special Award for Popularization of the Space Industry Founder of the category: Roscosmos State Corporation

- 1 “[Key to Start](#)” educational marathon (Russian Society "Znanie")
- 2 “[Space Podcast](#)” (United by Space (Aerospace Project) Channel)
- 3 “[Skifyonok](#)”, a Mascot character for the Skif-D spacecraft (Unity Charity Foundation)

“[A hero of our time](#)” Meetings with cosmonauts (Museum of Cosmonautics)

“[Volt Brothers](#)” Space engineering competition (Lomonosov Moscow State University Research Institute of Mechanics)
